4/6/17

Dear ROAR Members,

ROAR would like to take a moment to thank its members for having a record sellout of the 1:8 Fuel Off-Road Nationals, which is being hosted at Stateline Raceway. You may or may not know but due to the extremely high web traffic, our servers had issues keeping up with the volume. The high number of sign-ups caused our entry count to rise to over 365 in under 20 minutes.

Our initial cap is normally around 20 heats or 300 or so entries but since our system did not shut off in time we went above this. The good news for you, the racers, is that Stateline Raceway and ROAR have decided to allow everyone who got in before the registration closed to attend the event.

We would like to thank everyone for your patience in this record setting event registration and will be upgrading our systems to provide a better user experience. The list of people who are registered for the race will be posted on the site shortly.

For those racers who were not able to register, we will be providing guidance on how the waiting list will work. All of us here at ROAR as well as everyone at Stateline Raceway are looking forward to a great national championship event.
