

## Region 9 Fuel On Road Regionals.

RCRCNT Club Circuit was the site for the 2008 Fuel On Road regionals. Memorial Day weekend provided chamber of commerce weather for the weekend with only a spot shower early Sunday morning that had no real effect on the running of the event. Regional champs were determined for 1/8 Open and 200mm Touring classes. 1/8 Spec was run as a support class for the event. The track prep came in nicely both days providing a great surface for the drivers to compete on. Congratulations to our new 2008 ROAR Region 9 Fuel On Road Champions: 1/8 Open- Mike Queller and 200mm Touring- Larry Pryor.
